Škoda Auto University was founded in 2000 as the first and the only company university in the Czech Republic. Its founder is Škoda Auto, seated in Mladá Boleslav, it is one of the most important and most dynamically evolving companies in the Czech Republic and one of the largest brands of the Volkswagen group.

The university offers:

Unique focus

Lectures by experts from the field

Excellent employability of graduates

Extensive professional internships in the Czech Republic and abroad

Individual approach

STUDY & WORK programme

STUDY & DRIVE benefit

International study programme

Modern facilities

High quality pedagogical staff

Complex and modern study programme

High quality and extensive foreign language tuition

Participation of Škoda Auto experts in the study programmes

Motivational programmes for gifted students

The development of international cooperation is one of Škoda Auto University's main priorities. A key activity is the creation of a closely cooperating network of centres that focus on the collaboration of industry and business practice, on globalised branches and markets, embracing the goals and values shared by Škoda Auto University. This development is greatly supported by active participation of academics from specialised departments, seminar activities at partner schools abroad, guest speaker lectures, joint research projects, conferences and seminars. An integral part of successful cooperation is motivated students who actively participate in projects of international cooperation.

With a view to enhancing its international study programmes, Škoda Auto University has been providing a common **Double-Degree** programme with University of Applied Sciences Upper Austria since the academic year 2010/2011 as well as with Seinäjoki University of Applied Sciences. Since 2021 the university offers its 3rd double-degree programme with University of Applied Sciences Dresden.

The university is an honoured holder of Erasmus Charter for Higher Education 2021-2027, which is in accordance with Škoda Auto University Internationalization strategy.

ECHE contains fundamental principles to be respected by HEI when participating in Erasmus+ programme.

In 2014, ŠKODA AUTO University successfully completed the accreditation process of the American Accreditation Council for Business Schools and Programs, obtaining the prestigious **ACBSP** business program accreditation under all of its standards and criteria.

In 2016, Škoda Auto University obtained accreditation from the Czech Association of MBA Schools (**CAMBAS**). The accreditation allows Škoda Auto University to develop and provide MBA lifelong-learning programmes.

The Online MBA programme is a lifelong learning programme designed to meet the needs and perspectives of professionals in early career stages, who are motivated to self-study through virtual learning. The goal of the programme is to develop knowledge and skills to confront current challenges of the management profession. The programme offers an opportunity to choose the area of specialization and to gain foundations for the next career up lift.

Key components of our MBA programme:

- various areas of specialization
- 24 months to complete the programme
- On-line programme
- Delivered fully in English
